# American Association of University Women – Auburn Branch serving the greater Auburn Area since 1949

The Auburn Branch provides an opportunity for all women and men to learn, socialize and participate in activities positively affecting women and girls in our community.

## Auburn AAUW Programs

- **Scholarships:** A robust scholarship program with an estimated \$25,000 - \$30,000 in annual giving, spread out amongst high school seniors, as well as community college students and those going on to 4-year universities after community college.
- **Tech Trek:** A week-long STEM (science, technology, engineering & math) camp for local girls entering 8th grade. Campers attend either at the UC Davis or UC Santa Cruz campus or virtually. Students learn through hands-on problem solving and meet women role models in STEM careers.
- **Speech Trek:** A competition open to all high school sophmores, juniors and seniors in the Auburn Area, providing them with opportunities to develop and sharpen research, critical thinking, and communication skills.
- **Books for Books:** We purchase books for local school libraries.
